

The goal of Outrageous Olympics is to create for you a successful event with the least possible amount of stress. With this goal in mind, we have created an all-inclusive package: You provide the playing field, and we'll provide the entire Outrageous production!

The basic Outrageous Olympics package includes:

- **Two Hours of Games:** Our wacky, wild games are carefully designed to be suitable to a wide range of athletic abilities. Our games are enjoyable by anyone of any age! Fun and silly on the surface, our games also promote teamwork, strategizing, and problem solving skills.
- **Field Layout and Props:** A 10' bronze Olympic torch, colorful flags, and an awards stand mark out the playing field and lend a colorful and fun atmosphere to your location. We also include all the wild and crazy props used in our games, so there's no additional expense to you.
- **Master of Ceremonies** Our MCs provide play-by-play commentary of the events on the field, maintaining a high level of energy akin to that found on the top television sportscasts. Our MCs are experts at getting people excited and involved. We seamlessly blend humor, encouragement, and challenge into our patter while at the same time clearly articulating the goals and rules of each game.
- **Professional Disc Jockey and Sound System:** We employ highly-skilled DJs and top-quality sound systems to add musical underscoring to the games. Our DJs choose music which is appropriate both to the game being played and to the crowd being entertained. We include an extra two hours of DJ time (in addition to the two hours of games) during which we're happy to take requests and entertain you while you eat or socialize.
- **Outrageous Officials:** Our officials are friendly and energetic, acting as team coach, cheerleader, and referee. Our officials help keep your teams motivated, cheering them on towards victory.
- **Ribbons and Medals:** Included in the package are high-quality Gold, Silver and Bronze medals (15 of each.) These are awarded to the top three teams during the closing ceremonies at the end of the games. Additional medals and ribbons for lower placing teams are available for a small additional cost.

Outrageous Olympics is a well-polished event, staffed by employees with a genuine interest in making sure your guests have a good time. If you'd like more information on what's included in the package, please feel free to give us a call!

Outrageous Olympics has created many exciting games for team competition. All of our games are designed with humor in mind, using compromising situations and crazy props to ensure a hilarious challenge amusing to all, whether you're on the field competing or on the sidelines in the cheering section. Our games are designed to build team strength, facilitate communication, and test problem-solving skills. Here's a sampling of some of our games:

- **Fireman's Relay:** Patience and hand-eye coordination are put to the test as participants attempt to put out a (simulated) blazing inferno.
- **Oddball:** A great ice-breaker, Oddball encourages each participant to let down his guard and have a good laugh at himself and his teammates.
- **Wild Wild West:** Friends and coworkers help each other dress up for this wild race... Ride 'em, cowboy!
- **Batman:** Superhero skills of balance and orientation are tested in this dizzy challenge.
- **On the Road Again:** Emphasizing the importance of teamwork, participants dress in their finest to make a trip to the finish line.
- **Tug of War:** One of our few games you might have seen before, the Tug of War is always favored by big, strong teams... until they're out pulled by the underdog.
- **Champagne Relay:** A chance for the waiter or waitress in all of us to shine, the Champagne Relay tests balance, dexterity, and team cooperation.
- **Hoop it Up:** A fast-paced challenge requiring teammates to work together to move a hula-hoop from one end of the field to the other.
- **Flip, Flop, and Fly:** A true test of communication skills, Frisbees must be transported through an obstacle course of challenges.
- **Full Court Press:** Teammates partner up and work together in a difficult task requiring cooperation, communication, and a sense of humor.
- **Flipper Flash** Cooperation is key as teammates help each other along on an underwater adventure. (We also just wanted an excuse to say "Snorkel" over the PA system.)
- **Shoe Hunt:** This morning ritual has been turned into an exciting game, challenging your recognition and dexterity skills.
- **Ski Team:** An event in true Olympic style, the Ski Team requires strategy, coordination, and communication. (Say that with a Cajun accent three times fast.)
- **Walk the Plank:** A blinded teammate must learn to trust two of her co-workers as they "Walk the Plank". Arrrrg, Matey!

Note that this is just a partial listing of our games. At each event, we choose games which will be appropriate for your group. These game descriptions are intentionally vague -- we've found it helps to build excitement and anticipation when participants don't know exactly what they're getting into. However, if you need more information, please feel free to give us a call.
