## **Murder: Now That's Entertainment!**

### **The Plot:**

There is plenty of entertainment in this particular mystery. As a matter of fact, perhaps too much. As the guests begin to arrive at your function a musician is playing background music. However, moments after all the guests have entered another entertainer arrives claiming he has been hired to entertain this evening. And as if that wasn't enough, a young lady arrives claiming she has been hired to perform for the audience. The argument heats up culminating in gunshots. Oh well, you can't go anywhere until the police arrive, so you may as well eat. The musician strikes up a lively tune and the murderous laughs ensue.

### **How it works:**

Murder: Now That's Entertainment! is designed to be performed during a meal. Each table works as a team to collect clues, question suspects and solve the mystery. The first scene takes place in the cocktail hour before dinner. Subsequent scenes take place between courses. The main portion of the show takes place after dinner when the suspects are questioned, the tables are given a chance to submit their solutions, and a winning team is declared. The mystery runs the length of the meal plus one hour (approx. 3 hours in total), and includes plenty of comedy, interaction and music.

## *Finnegan's Wake*

Finnegan is back...and deader than ever!

Beloved Tim Finnegan has passed away and his grieving widow invites you to a real Irish wake with plenty of food, drink and laughter. The bar has been stocked. The body has been laid out. The bar has been stocked. The musicians are tuning up. The bar has been stocked. The widow is properly attired in black and wailing like a banshee. The bar has been stocked. And... did I mention that the bar has been stocked? All that is missing is you – Tim's dearest and closest friends and family.

This interactive Celtic comedy is filled with tender ballads, rowdy reels and hilarious eulogies. And its no wonder the eulogies about Tim are so funny, because let's face it - Tim was not the sharpest knife in the drawer. In fact, it's suspected he came from the shallow end of the gene pool. But for all that, he was still a dear, sweet man and he'll surely be missed. So grab your shillelagh and come prepared to make enough noise to wake the dead.

Please bring a joke and song or a dance and you may get to share it with Tim's friends and family.
