Eric:

I would like to take this opportunity to thank you once again for providing outstanding entertainment for a Reunion event. While I am working at another university, I have received the same excellent service I have come to expect from your company. In the last three years that I have worked in Alumni Relations, you have never let me down.

Our DJ, Cage, was absolutely phenomenal. He was able to get our alumni of all ages (Classes of 1957 through 1997!) up and dancing. Everyone had a great time.

I look forward to working with you and your company again on future events. You can expect a call from me later this summer as we begin our programming for 2003.

Thank you again,
